Pass/No Credit Form

Pass/No Credit Option.

Grades assigned are:

“P”: Pass; work equivalent to C- or higher.

“NC”: No credit; work equivalent to D+ or lower.

The grade “P” is used to indicate satisfactory completion of physical education activities, work in musical organizations, and certain other courses specified in the catalog. Beyond this, the pass/no credit option may be elected for other courses under the following restrictions:

1. First-year students and sophomores are limited to three P/NC courses per year.
2. Juniors and seniors have unlimited P/NC options outside their majors. Students may petition their departments to take specific major courses on a P/NC-grading basis.
3. A department, with permission of the Curriculum Committee, may designate a course to be taken only for a letter grade or only P/NC. These courses are so listed in the catalog.
4. Work in no more than two junior or senior Independent Study courses within the student’s major may be graded on a P/NC basis at the discretion of the instructor. The instructor reports this decision to the registrar within the first 10 days of the semester.
5. Courses taken on a P/NC basis are not included in the computation of a student’s grade point average; only those courses passed are counted in the total of courses required for graduation.
6. To qualify for commencement honors and certain other prizes and awards, a student must take at least three quarters of the courses they take as a Pomona student for letter grades.

WARNING: A change to P/NC grading is IRREVERSIBLE.
