

THROWING SOMETHING AWAY?

At least twice each week, LANDFILL WASTE travels 42 miles from Claremont to Olinda Alpha Landfill in Brea and back, using 15 gallons of gas. (that's >1,500 gallons/year)

What DOESN'T go in the trash:
Recycling - Compost
Hazardous and Electronic waste
Reusable items

Sustainability Integration Office - www.pomona.edu/sustainability

THERE IS NO "AWAY."
