Pomona College Interest-Free Loan Request Form

Pomona College offers institutional loans to help meet your family's share of college expenses. These institutional loans have a 0% interest rate. To be eligible, students need to meet the following criteria:

1. Students must be enrolled full time and in good academic standing.
2. Students may not borrow more than $5,000 or the total of their family contribution - whichever is less. (The maximum loan amount is set annually and may vary in future years.)

We require students to submit an application for financial aid so that our office may determine if you are eligible for need- based grant assistance. Please review our application procedures and requirements on our website: https://www.pomona.edu/financial-aid

Students that have been approved to borrow an institutional loan will need to complete a Master Promissory Note along with loan application documents in order to be in compliance with Regulation Z of the Truth in Lending act (TILA). These documents will be provided by Educational Computer Systems, Inc. (ECSI) on behalf of the Office of Financial Aid. Approved students will receive an e-mail notification from ECSI when the documents may be completed online.

To request your loan, please provide the information below and return this form to our office
