Rules for Friendship Suites 2017

Students interested in living together in a suite must apply by deadline (Tuesday, April 4, 2017). Applications must have no less than 3 students and no more than 6 students.

All applications must be received before room draw numbers are generated.

Any student listed on the application must be a current student, returning from abroad, or returning from leave – with confirmed return status granted by the college.

Students listed on the upper portion of the application will be considered the primary members and their room draw numbers will be used for the average created for friendship suite purposes.

The room draw numbers of the students listed under bonus persons will not be used.

A list of Friendship Suites offered will be sent to all applicants along with a list of suite applicants with their averaged numbers.

In the event that one of the primary members wishes to drop out of the suite prior to room draw and after the application deadline, one of the bonus persons may be pulled up to the primary group IF the two students are from the same class (i.e. If a senior drops out of the primary group, ONLY a senior may be pulled up from the bonus list.) This is to maintain the integrity of the averages that have been calculated prior to room draw and still allow the flexibility of substitution if needed. If there is no eligible bonus person, the suite may only draw into a 3 person suite or drop out of the process.

Friendship Suites are selected at the beginning of the Room Draw for each class. In the event of mixed classes, the number range that the average falls within is when the group selects their suite (i.e. A mixed group of junior and seniors has an average that falls within the junior numbers. This group selects during the Junior session. A mixed group of juniors and sophomores has an average that falls within the junior numbers. This group also selects during the Junior session.)

Friendship Suites, once selected are binding. No changes out of the suite are allowed during the fall semester. Students are to confirm the actual room they will enter prior to the opening of the residence halls in the fall.

An email should be sent to all suite members giving them the information of rooms indicated during room draw and requesting confirmation of room assignments.

Friendship Suites that are still vacant at the end of the sophomore friendship suite draw will be broken up into singles and doubles and offered as individual rooms.

Note about Friendship Suites:

Students drawing into friendship suites with common areas (Dialynas, Sontag, Lawry Court and Harwood) should know that during routine walk throughs by Resident Advisors, RAs can and may enter the common area of these suites. In addition, students living in these areas will be REQUIRED to meet with a staff member from the Housing and Residence Life Office and a Resident Advisor of their building within the first two weeks of the Fall semester.
