Visa Fee Reimbursement

For students studying in countries where a visa, residence permit, reciprocity fee, or an in-country registration fee is required for study, the Office of Study Abroad will provide a contribution towards this cost. In order to receive this benefit, you are required to submit supporting documentation from the consulate or program provider no later than Monday, March 28, 2016. Please note that this contribution is for the direct cost of visas/fees and does not cover photos, mailings, finger printing, travel to consulate, background checks, etc. In addition to the supporting documentation, you must provide a receipt of payment in order to receive a reimbursement from the Office of Study Abroad.
